- ❖ Your instructors will tell you if there are any skip weeks scheduled during your session
- ❖ Class costs vary depending on location, generally about \$100 (+ or -)
- ❖ Classes meet weekly for 6 weeks and are one hour long with the following exception:
- ❖ No dogs the first night of class. Both classes meet at the same time for approximately 2 hours for orientation and demonstrations

A note about the instructors:

Corey Thorpe CPDT and Patty Hawley have been team teaching for **Joyce's Dogs** and several parks departments for about 6 years now. Their students rave about their knowledge, skill in teaching, compassion, sense of humor and desire to help both ends of the leash be successful using positive reinforcement. They each own dogs with various challenges, the best teachers for this kind of work. They have more experience than most trainers in private facilities in the area. And because they teach through the parks departments, our classes are very affordable. Come join them for a fun time teaching your dog to have better manners, attention to you, and skills.
